Programm:

MARANGU ROUTE

This is probably one of the most beautiful route up Kilimanjaro. The accommodation on the way up and down is Good Huts only. This trek is very popular and may be better suited to more adventurous hikers.

Day 1 04FEB2020 Kilimanjaro-Moshi

2035h Met clients at JRO EX.KLM571 and Transfer to Moshi
Briefing for Kilimanjaro Climb with Staff, Meet and Greet,
Dinner and overnight at **Park View Inn Half board**.

Day 2 05FEB2020 Moshi / Mandaru Hut

After breakfast and a short tour briefing from the guide, we will depart to Marangu gate of Kilimanjaro National Park (it is a 45-minute drive from Moshi to the Marangu Gate). Upon registering with park authorities, our climb will officially commence with a four-hour walk to the Mandara encampment. We will pass through a thick rainforest zone, where there is a high chance of rain in the afternoon. We will spend the night at **Mandara Hut** (2,750m), an attractive collection of buildings. Bathrooms are available with running water.

Day 06 FEB 2020 Mandaru Hut / Horombo Hut

Today we will continue our ascent through the forest for a short time, before reaching the heather and moorland zone at roughly 3,000m (approximately a six-hour walk). Enjoy stunning views of the mountain peaks at this altitude. We will spend the night **at Horombo Hut (3,720m)**, which lies in a valley surrounded by giant lobelia and groundsel, flora which are characteristic of this semi-alpine zone. Bathrooms are available with running water.

Day 4 07 FEB 2020 Horombo Hut / Kibo Hut

Our trek continues past the final watering point, and ascends onto the saddle of Kilimanjaro, between the peaks of Kibo and Mawenzi. The vegetation thins out as we enter the desert- like alpine zone (approximately 4,000m) and, once we cross the saddle, Kibo peak comes into view. The saddle is an alpine desert that resembles a lunar landscape. Be careful to notice signs of altitude sickness. This seven-hour walk will be taken at a slow pace. We will **spend the night at Kibo Hut (4,703m)**, a comfortable stone construction (no running water at Kibo Hut). This semi-desert zone receives an annual rainfall of less than 250mm; the ground often freezes at night, but ground temperatures soar to above 30 degrees Celsius by day. Few plants other than lichens and grasses survive in these conditions.

Day 5 08 FEB 2020 Hut / Uhuru Peak / Horombo Hut

Shortly after midnight, we will commence our climb to the summit of Kilimanjaro, since it is easier to climb the scree slope to Gillman's Point (5,861m) on the crater rim when it is frozen and an early start for the six-hour hike improves our chances of reaching the summit in time for sunrise. From Gilman's Point, it is a further two-hour round trip along the **crater's edge to Uhuru Peak, the highest point in Africa. From the summit, it is downhill all the way to Horombo Hut where we will spend our last night on the mountain.** Kili clients Erni & Karlen (TIS-ID 15811072)

Day 6 09 FEB 2020 Horombo Hut / Moshi / Arusha

Today's descent continues past the Mandara encampment to the bottom of the mountain, where each hiker will receive a well-earned certificate. From here, you will be transferred to Arusha
Dinner and Overnight at **Arumeru River Lodge – Standard DBBL**

Day 7 10 FEB 2020 Post Night in Arusha

Breakfast at the lodge
Morning and afternoon spent at Leisure
Day Room + Lunch at **Arumeru River Lodge**
Transfer to JRO Airport

End of our services
